146

While the cost of the old rehabilitation was recovered supplemented by such further grant as may be necessary a new rehabilitation proposed to be constructed in the new extension of the lower Ris is a good idea therefore it is a very long one while the present building is much too small for the needs of a suitable building is much felt

Of the 3 proposals mentioned in the present reference, one approved by the 1st & 3rd Jun, the amount payable by the S.E.R. Company for the Dit Penang building will be communicated Dit Ris the Resident The matter is urgent

approved 23/10/96 23-10-96

Note

The Dispensary building at Dawenne is not conveniently situated Dit transfer to the Rail way depot seems therefore desirable The S.E.R. Company is willing to take it up. Col Branch is for charging the Company, the cost actually incurred vide No 5-438. This information has to be furnished with Loan - A receipt has been received

With the money Ris obtained it is proposed to pur. chase the old Dalan building and con vert it into a Dis Pensary The situation of this building is better in every way than

(2)

Surgeon and the
Dy C of Education
are agreeable to
this proposal The
Dy Comr as President
of the District Fund
and Chief Brand
is also in favor of it
In fact it was he
that started the idea

The School building
has not however
been valued yet
Nor is it known what
the cost of making
the additions & alterations
required to adapt the
School building for
the purposes of
a Dispensary &
it is more than probable
the Railway will pay
for the Dispensary
building. The cost
will have to be
paid from the Appropriations
and District Funds
School Funds in
3 equal shares

At present there is no
Opinion of the Senior Surgeon
as regards the Increase
Appears to have reserved his
Opinion till he saw the
School house proposed to be
converted into a Dispensary.
Apparently the matter was
not referred to the Offg
Senior Surgeon. I did
therefore reserve the question
of the conversion of the School
into Quarters for a new
Dispensary for further Consider-
ation. Under the circumstances
I see no objection to give
up the present Dispensary house
to the Civil Authorities
of the Cantonment

Deputy Commissioner's Office
Chitaldroog District
Dated 8th December 1895

To
The General Secretary to the
Government of Mysore
Bangalore

Sir,

With reference to no 8 of the subjects proposed for discussion by Representative Members of this District at the last Darbar Meeting (Vide original list), I am the honor to state that the accommodation available in the School building at Davanagere is quite insufficient for the Students that attend the School and the building requires extension

2 Instead however of extending the School I beg to propose the following arrangement There is a building built near the Railway Station for the Local Fund Dispensary at Davanagere The Railway

Authorities are contemplating the
construction of quarters for the
Permanent Way Inspector at
Dawanagere and this dispensary
building with such additions as
may be necessary will answer
the requirements of the permanent
Way Inspector, especially as the
building is substantially built and
is quite close to the Railway Station
The dispensary may be located
in the building now used as a
School house, and a new School
House with a sufficiently spacious
Compound may be built in the
new extension of the town The
present value of the building
used as dispensary will be
credited to the Local funds of
the District and from those funds
the present value of the School
House will be paid to the Educa-
tional Department, and any
small alterations that may be
needed may also be made at a
Comparatively small cost, and
paid for out of District funds

The has the done with the consent of Chief Engr / Hardy Letter

The consent of Senior Surgeon is required when completed All

3. With the funds that will thus be

be available and supplemented by a grant from the Educational Department, a substantial building suited to the requirements of a large town like Dawmagere and of a suitable design should, I beg to submit, be built on the new extension, where a very good site is available for the purpose

4 I beg to add that when I was in Mypore last October I discussed the subject with the Inspector General of Education who considered the arrangement suggested a good one

5 I therefore request that the matter will receive the favorable consideration of Government & the favor of early order is solicited as the Railway Department are beginning the building of quarters for the Permanent Way Inspector very shortly

I have the honor to be

1/ Encl to Sl no. 18

To The Secretary Surgeon and Sanitary Commissioner with the Govt of Mysore

Sir

In reply to your No 1659 of 8th inst with enclosures re the proposed transfer of the L I Dispensary at Davangere from the present buildings to the one now used as the Anglo Vernacular School I beg to report As under

The dispensary buildings of the new standard design and of the type granted to Kalasthalle and Banthipur of this district It is not centrally situated but is at one end of the town - Immediately behind it is the bathing line of the railway barbers and police lines and the

the railway lines are too uncomfortably close & proximity to the building. The total area of accommodation available in it is about 888 sq ft

The School building consists of one Central hall measuring 30×16 with two sets of rooms one on either side of it. The one to the left of the hall as we enter into it, Comprises three rooms each, measuring 16×12 and the one to the right has two rooms one of which measures 25×16 and the other 16×12 so that the hall and the five rooms give a total area of about 1648 Sq ft or nearly double the accommodation available in the present dispensary. It is in point of centrality too more favorably situated than the dispensary and affords greater facilities for gosha and such other women as may need advice and treatment, but cannot pass by taking catcherry and through main Streets There is

a fresh water draw well close to it and this is a great advantage

What however is wanting for this building is a spacious Compound At no fromt between the main building and the Compound wall does it distance more than about 12 ft There is therefore no space now available for a kitchen and a latrine to be built.

By retaining the front wall and extending the Compound on the 3 other sides so as to enclose the needful extra space and running up a verandah at the back of the buildings so as to connect the two bungalow rooms, I believe that the buildings (the school) will answer the needs of a dispensary or even a small Hospital much better than the one now specially constructed for the purpose

I append the Ground plans of both the buildings

KR

13/2

30 N° 586

From The First Assistant to the
Resident in Mysore -

To The Dewan of Mysore -

Dated, Bangalore, 11th February
189-

Sir,

I am directed to acknowledge the receipt of letter N° 829 dated the 7th ultimo from the Secy to the Govt of Mysore for Railways regarding a bungalow for the Permanent Way Inspector at Davangere Station.

2 The Consulting Engineer for Rys at Bombay finds himself in some difficulty in the matter - He does not see how he can recommend the Bombay Govt to sanction the capital of the Mysore State Railway being debited with Rs 7 088/- for the provision of quarters that could be provided new for some Rs 1200/- less than that sum, in accordance with the estimate which was approved by the Darbar in Col: Bowen letter N° 822 dated the 6th August 1895

3 If the selling price of the dispensa- could be reduced so that the net res

to the Mysore State Railways Capital would be about the same, the Consulting Engineer will have no objection to the dispensary building being used for the purpose, but if this cannot be done, new buildings will, he think, have to be put up, which would only debit the Capital account with Rs 5883/- In his opinion the dispensary building is, in fact, only in the circumstances worth about Rs 4200/- to the Railway whatever the market value may be -

4 The Resident will be glad if the Darbar will reconsider the question in the light of these remarks and let him know their decision as soon as practicable -

No 1163 of 1897

P W Department
Railway

Bombay Castle
23rd April 1897

Read again Government Resolution No 1819 dat 27th August 1895

From the Consulting Engineer for Railways No 2939 dated 15th April 1897

Submits the following Correspondence

Letter from the Agent, Southern Mahratta Railway Company, No 7628/12013 dated 4th December 1896

"With reference to correspondence ending with your No 8648 of the 11th November 1896, I have the honor to forward, for favor of sanction, a plan and an estimate, the latter amounting to Rs 7,088, chargeable to Capital for converting the Dispensary at Davangere into a bungalow for the Permanent Way Inspector at that station

2 The estimate, now submitted, includes an item of Rs 5438, which is the price asked for by the Mysore

Mysore Darbar for the dispensary building and of Rs 50 which is the cost of the alterations necessary to convert it into a dwelling for the Permanent Way Inspector The existing building is of brick in lime with roofing of teak and Mangalore tiles and the price asked for is not Considered unreasonable

3 Funds to meet the expenditure will be allotted from the provision for Unforeseen Requirements under 'Stations and Offices' in the detailed Budget Estimate for 1897-98

The sanction should be kept open for six months from date of issue

5 It is assumed that the sanction conveyed in Bombay Government Resolution No 1819 of 1895 for the construction of the Permanent Way Inspectors bungalow and 3 units of servants' quarters at Kodaganur will be cancelled, after the sanction to the attached estimate has been notified

From The Secretary to the Government of Mysore
General and Revenue Departments

To Educational Inspector of the Local Fund Board Chikaldrug Circle

Dated 3rd September 1897
Despatched 6th "
Received

General No 226-
No 214

Enclosure No

Subject Education 1896-97 Sec. No 28

Sir,

I am directed to refer to your letter No 2106 dated 25th August 1897 and to state that the Government have carefully considered the question of the transfer of the Local Fund Dispensary at Davangere to the Southern Mahratta Railway Company.

In reply I am directed to say that the Government do not see their way to comply with the request contained in your letter under reference.

The Government have already given orders to the Deputy Commissioner of Chitaldrug to make over the building at present occupied by the Dispensary to the Southern Mahratta Railway Company.

By order etc.,

[illegible]
Secretary to Government

Read for a few days
16/9/97

The present reference seems to require no orders as we have told the D.C. to make over the building at once to the S.M. Railway Company
15/9/97

Advertising to Government Proceedings No 12650-3 dated 25th May 1897, transferring the Local Fund Dispensary at Davangere to the Southern Mahratta Railway Company has the honor to request that the Government will be pleased to ascertain from the Railway authorities and inform

to the undersigned
when they would take
over the Dispensary
building, as the Dispensary
will have to be removed
to a hired building

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 7880/230 with 3 enclosures Mysore, ~~Bangalore~~ 1st March 1898

From

H J BHABHA, ESQ.
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR

~~I~~ X 81 no 29 / ~~Sl No 30~~ With reference to Government Proceedings No 12650-3 Ed 41-96 dated the 25th May 1897, I have the honour to enclose herewith a plan and estimate of the proposed new building of the Davangere Anglo-Vernacular School. The estimate is for Rs 18,004

I visited Davangere on the 3rd December last for the purpose of inspecting the school, ascertaining the amount of accommodation required for the Anglo-Vernacular School after the classes of the Main School and its branches are rearranged, and selecting

a note for the new school building. After careful consideration I came to the conclusion that a building with 12 rooms is required for the Anglo-Vernacular School for the accommodation of the following eleven classes and the Headmaster's office.—V class, two sections of the IV class, two sections of the III class, Infant B class, Infant A class, two English classes, a Mahratta class and a Sanskrit class. The estimate appears high, but the Anglo-Vernacular School at Davangere is one of the largest schools in the Province and contains 422 boys. I request that the new building for the Davangere Anglo-Vernacular School may be added to the list of urgently wanted educational buildings forwarded with this office letter No. 4740/158 dated the 30th November 1897, and that Government may be pleased to sanction the cost at its earliest convenience, so that as ordered by Government the present school buildings may be transferred to the Medical Department
